

Dear Parents

Reading is fun!! Story books, not only entertain children but also take them in a world where courage and fortitude inspire them. The touch and feel of fresh papers of a story book provide a pleasure that no Kindle, smart phones or any other electronic gadget can. As an integral part of Subject Enrichment Activity, the students will read **any story book of minimum 20 pages.**

After reading, the following given book review page has to be filled and submitted on the first day of the school after summer vacation.
